ВВЕДЕНИЕ

Государственная программа развития образования Республики Казахстан на 2011-2020 годы – нацелена на обеспечение равного доступа всех участников образовательного процесса к лучшим образовательным ресурсам и технологиям.

Сегодня в Республике Казахстан применяются системные меры по повышению качества образования на всех его уровнях. Одной из форм Национальной системы оценки качества образования, охватывающей элементы независимой оценки, является единое национальное тестирование (далее – ЕНТ).

Единое национальное тестирование – это форма контроля, которая совмещает в себе итоговую аттестацию обучающихся в организациях общего среднего образования и вступительные экзамены в высшие учебные заведения.

ЕНТ – не только итоговый показатель знаний учащихся, но и залог получения путевки к будущей специальности по своему выбору.

Национальный центр тестирования предлагает абитуриентам учебно-методическое пособие по предмету «английский язык». Содержание тестовых заданий в данном учебно-методическом пособии соответствует учебным программам для общеобразовательных школ, разработанным на основе Государственного общеобязательного стандарта образования Республики Казахстан.

В данное пособие включены: тестовые задания логического характера, методические рекомендации по выполнению заданий при подготовке к единому национальному тестированию, а также 20 вариантов образцов тестов использованных на ЕНТ.

Содержание предлагаемых тестов дает возможность проверить уровень знаний по предмету «английский язык», а именно: языковым нормам – орфографическим, орфоэпическим, лексическим, грамматическим; усвоению основных лингвистических понятий – фонетических, лексикологических, грамматических.

Мы готовы принять замечания и предложения по совершенствованию содержания учебно-методического пособия.

МЕТОДИЧЕСКИЕ РЕКОМЕНДАЦИИ К ВЫПОЛНЕНИЮ ЗАДАНИЙ ПРИ ПОДГОТОВКЕ К ЕДИНОМУ НАЦИОНАЛЬНОМУ ТЕСТИРОВАНИЮ

Тестовые задания, используемые в ЕНТ относятся к категории заданий закрытой формы, при выполнении которых необходимо из пяти предложенных вариантов выбрать один правильный ответ.

1. Верный вариант глагола:
English ... the world language.

- A) is
- B) are
- C) will be
- D) was going to be
- E) shall be

Правильный ответ – A) is, т.к. предложение относится к временной группе «Present Indefinite/Simple» и требует глагола-связки «to be». Слово «English» относится к категории 3-его лица ед. числа, поэтому глагол «to be» имеет форму «is».

2. Подходящий русский эквивалент предложения.
He is said to play tennis well.

- A) Он говорил, что хорошо играет в теннис.
- B) Говорят, что он хорошо играет в теннис.
- C) Он был хорошим игроком.
- D) Он хорошо играл в теннис.
- E) Ему велели хорошо играть в теннис.

Правильный ответ – B. Говорят, что он хорошо играет в теннис. В предложении используется структура «Complex Subject», которая состоит из местоимения или существительного + глагол «to be» + Participle II + Infinitive. В предложении это конструкция «He is said to play ... », которая переводится на русский язык «Говорят, что он играет».

3. Дополнить пословицу:
The rotten apple injures its

- A) Neighbors
- B) Taste
- C) Shape
- D) Color
- E) Appearance

Правильный ответ – A) Neighbors. В английском языке пословица представлена как "A rotten apple injures its neighbors", которая соответствует русской пословице «Паршивая овца все стадо портит».

4. Верный вариант:

Once upon a time ... a beautiful princess.

- A) it was
- B) there live
- C) was
- D) there lived
- E) lived

Правильный ответ – D) there lived. В английском языке в жанре «сказок» используется конструкция «Once upon a time there lived», которая переводится «Жили-были или Жила-была». В данном предложении ответом будет «there lived» как недостающее звено к конструкции.

5. Подходящий модальный глагол:

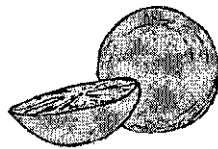

I ... write it now.

- A) ought
- B) had to
- C) can
- D) was able to
- E) could

Правильный ответ – C) Can. Данное предложение требует модального глагола в настоящем времени, т.к. в предложении есть слово «now» – сейчас. Из всех предложенных модальных глаголов только два из них в настоящем времени: «ought» и «can». Модальный глагол «ought» требует после себя частицу to, поэтому он не может быть использован в данном контексте, следовательно, единственно правильным ответом будет модальный глагол «can».

Общеобразовательные школы РК нацелены на формирование интеллектуально, физически и духовно развитых граждан, чтобы быть успешными в условиях быстроизменяющегося мира и удовлетворить потребности в получении образования. В связи с этим предлагаем задания в тестовой форме с рисунками, диаграммами и графиками, которые будут использоваться в будущем.

ЗАКЛЮЧЕНИЕ

Тестовые задания, разработанные по предмету «английский язык», предназначены для проверки навыков и умений учащихся демонстрировать полученные теоретические знания во время испытания.

Содержание тестовых заданий не выходит за рамки учебных программ для общеобразовательных школ.

Для эффективной подготовки учащихся к Единому национальному тестированию по предмету «английский язык», необходимо анализировать наиболее характерные ошибки, допускаемые выпускниками ежегодно во время ЕНТ. Поэтому необходимо уделить особое внимание таким темам и разделам, как модальный глагол, страноведение, синтаксис, условные предложения, идиомы и пословицы, работа с текстом (владение лексикой).

Учащиеся испытывают затруднения при осуществлении мыслительной, логической и смысловой обработки изученного грамматического материала. Необходима работа с книгами для чтения, которые содержат основной страноведческий материал, с рабочими книгами, которые включают в себя большой объем грамматических упражнений.

В настоящее время учащиеся не ограничены в выборе пособий, тренажеров, тренингов, помогающих в подготовке к единому национальному тестированию, но залогом успешной сдачи ЕНТ является системная и своевременная подготовка.
